

Gordon Brothers Industries Pty Ltd is an Australian owned company specialising in industrial refrigeration and process solutions. We design, develop, manufacture, install and service these systems for a range of industries.

Our policy is to conduct our business in an ethical and professional manner with the aim of satisfying the needs and expectations of our customers, suppliers, employees and shareholders.

To achieve this, we will:

- Provide quality products and services
- Maintain a healthy and safe working environment
- Encourage and assist our suppliers and sub-contractors to support our objectives
- Provide appropriate training for our staff
- Maintain a Quality Management System which is subject to continuous improvement through management review and internal audits
- Engage Bureau Veritas to review and audit our Quality Systems in accordance with ISO 9001
